Shandong Xinhua Pharmaceutical Company Limited**Announcement on the Ibuprofen Granules of subsidiary having obtained the Drug Registration Certificate**

The Company and its board of directors confirm that the contents of this announcement are true, accurate and complete without any false information, misleading statements or material omissions.

Shandong Zibo Xincat Pharmaceutical Company Limited (hereinafter referred to as “**Xincat Pharmaceutical**”), a wholly-owned subsidiary of Shandong Xinhua Pharmaceutical Company Limited (the “**Company**”), has recently received the *Drug Registration Certificate* (药品注册证书) in connection with its Ibuprofen Granules (hereinafter referred to as the “**Product**”) approved and issued by the National Medical Products Administration. Relevant information is now announced as follows:

I. Basic information

Drug name:	Ibuprofen Granules
Dosage form:	Granules
Specifications:	0.2g
Drug category:	Over-the-counter drug
Registered classification:	Class 3 chemicals
Applicant:	Shandong Zibo Xincat Pharmaceutical Company Limited
Application matter:	Drug registration (Domestic production)
Case number:	CYHS2303506
Drug approval number:	National Medicine Zhunzi (国药准字)H20263621
Notification number:	2026S00744
Review conclusion:	In accordance with the <i>Pharmaceutical Administration Law of the People's Republic of China</i> (中华人民共和国药品管理法) and relevant regulations, upon review, the Product conforms with the applicable requirements of drug registration, the drug registration is approved and the <i>Drug Registration Certificate</i> has been issued. It is approved that this product shall be administered as (class A) over-the-counter drug. The standard of quality, product instructions, labels as well as production processes concerning the Product shall be consummated in accordance with relevant documentation. Pharmaceutical production enterprises are required to meet requirements of pharmaceutical production quality management standards prior to the production and sale of drugs.

II. Other relevant information

In December 2023, Xincat Pharmaceutical submitted application materials to the Center for Drug Evaluation of the State Drug Administration (药品审评中心) (CDE) concerning the marketing of Ibuprofen granules and the application materials were accepted. In March 2026, Xincat Pharmaceutical obtained the *Drug Registration Certificate*, and the review conclusion was that the Product shall be approved for registration.

Ibuprofen is used to relieve mild to moderate pain such as headache, arthralgia, migraine, toothache, muscle pain, neuralgia, and dysmenorrhea. It can also be used to treat fever caused by common cold or influenza.

Ibuprofen granules is listed in the “National Drug Catalogue for Basic Medical Insurance, Work Related-Injury Insurance, and Maternity Insurance (2025)” as a Category B product. According to relevant statistics, the sales of Ibuprofen granules in China’s public medical institutions amounted to approximately RMB 4.4 billion in 2024.

III. Impact on the Company and risk warning

The approval of the above-mentioned products has further enriched the Company’s Ibuprofen dosage forms, providing patients with more medication options.

The pharmaceutical sales business is susceptible to changes in domestic pharmaceutical industry policies, bidding and procurement processes, changes in the market environment and other factors, and is subject to uncertainty. Investors are advised to invest sensibly and pay attention to investment risks.
